

Article 1.

1.1. Les présentes règles de participation s'appliquent à l'émission par la Loterie Nationale de la loterie à billets instantanés électroniques, appelée "**LUCKY POPS**".

Les billets instantanés électroniques sont vendus exclusivement par l'intermédiaire du site Internet de la Loterie Nationale et conformément aux dispositions des règles de participation aux jeux en ligne de la Loterie Nationale.

1.2 Le jeu "**LUCKY POPS**" est une forme de loterie à billets instantanés électroniques.

1.3 Les prix de vente du billet instantané électronique "**LUCKY POPS**" sont les suivants :

0,50 € / 1 € / 2 € / 3 € / 5 € / 10 € / 20 €

Article 2. Description et mécanique du jeu

2.1 Le jeu propose 9 symboles gagnants.

Chaque symbole comporte 2, 3, 4 ou 5 fragments.

Vous commencez le jeu avec 12 bulles à éclater.

Éclatez une bulle pour révéler les symboles.

Une bulle peut contenir jusqu'à 3 symboles. Lorsqu'un symbole révélé depuis une bulle correspond à un symbole gagnant, il remplit un fragment du symbole. Lorsque tous les fragments sont complétés, un gain est attribué.

La valeur du gain d'un symbole dont tous les fragments ont été complétés devient dorée et reste sur la grille pour les éclatements de bulles suivants.

Si un multiplicateur apparaît avec un fragment de symbole, il multiplie la valeur du gain du symbole concerné.

Les multiplicateurs disponibles sont 2x, 3x, 5x et 10x.

Révéléz une pièce pour remporter un gain instantané. Des multiplicateurs peuvent apparaître et multiplier le gain de manière instantanée.

Révéléz un symbole +1 pour obtenir des bulles supplémentaires à éclater.

Révéléz 3 symboles Bonus pour remplir le compteur Bonus et obtenir des bulles à éclater supplémentaires.

S'il reste des bulles à éclater pendant la partie principale, celles-ci se terminent d'abord avant que le Bonus ne commence

Jeu Bonus

Éclatez des bulles pour remporter des gains instantanés.

Des multiplicateurs peuvent apparaître et s'accumuler dans le compteur de multiplicateurs.

Les multiplicateurs disponibles sont 2x, 3x, 4x, 5x, 10x, 20x, 25x, 50x et 100x.

Le bonus se termine lorsque le mot « Collecté » apparaît.

Le montant total du gain est multiplié par le multiplicateur total attribué.

Fin du jeu

Le jeu se termine lorsque toutes les bulles ont éclaté et que tout jeu bonus déclenché est terminé.

Appuyez pour activer ou désactiver les sons du jeu.

2.2. La valeur des gains du jeu à gratter en ligne peut être attribuée de différentes manières, selon la composition du gain prédéfini et de façon aléatoire. Chaque modalité de gain peut être associée à des probabilités distinctes.

2.3 En jouant à ce Jeu, le joueur reconnaît qu'il s'agit d'un jeu de hasard : le résultat d'une partie est déterminé de manière aléatoire par le système au moment de l'achat, indépendamment des compétences ou du jugement du joueur.

2.4 Si le Jeu suscite son intérêt, le joueur peut choisir entre « Jouer » et « Essayer ».

2.5 En sélectionnant « Jouer », il accepte de payer pour participer aux jeux à gratter. Le montant correspondant est alors déduit de son portefeuille digital. Une fois validés, les achats de jeux à gratter sont définitifs et ne peuvent être annulés ni remboursés.

2.6. En sélectionnant « Essayer », le joueur reconnaît qu'il participe à une version « démo » des jeux à gratter : aucun achat n'est effectué et aucun gain réel ne peut être attribué, même si un gain apparaît dans cette version d'essai.

Article 3. Validation des gains

3.1 Seules les données enregistrées informatiquement sur le système central utilisé par la Loterie Nationale font foi. En cas de contestation entre le joueur et la Loterie Nationale portant sur une divergence entre les informations mentionnées sur l'écran du joueur ayant acheté un billet instantané électronique par Internet et celles enregistrées informatiquement par la Loterie Nationale, seules ces dernières informations font foi.

Les informations mentionnées sur l'écran du joueur ou celles figurant sur une copie à l'écran tirée sur papier sont purement informatives et ne peuvent prévaloir sur les dispositions des présentes règles de participation.

3.2 Les gains pour chaque lot gagnant sont déterminés par le Tableau des gains en annexe.

3.3 En cas de divergence, d'incohérence entre les affichages, de non-respect des résultats du jeu à gratter, du règlement des jeux à gratter, des conditions d'utilisation des jeux en ligne ou de toute autre information publiée par la Loterie Nationale concernant ce jeu, seul le règlement officiel du jeu fera foi.

Article 4. Paiement des gains

4.1 Les gains ne sont payables que conformément aux dispositions des règles de participation aux jeux en ligne de la Loterie Nationale.

Article 5. Publication des règles de participation

5.1 Les présentes règles de participation sont disponibles sur le site www.loterie.lu.
